

## Promoting sustainable workforce excellence in health supply chain management

### OUR VISION

A world where **health supply chain workforces** are empowered and equipped to optimize health outcomes by improving access to health commodities

### OUR GOAL

To create a **competent, supported and adequately staffed** supply chain workforce that is deployed across the public and private sectors within the health system

### WE DO THIS THROUGH

#### Convening

**PtD convenes** its coalition members and partners, all of whom have the same ambition: to improve health outcomes.

#### Coordinating

**PtD coordinates** its network of member organisations by providing technical leadership and encouraging collaboration.

#### Advocating

**PtD advocates** interventions that improve the demand and supply of qualified health supply chain professionals.

## SOME HIGHLIGHTS

The **PtD Competency Framework** and **Building Human Resources for Supply Chain Management Theory of Change** are adopted in the Ethiopian Pharmaceuticals Supply Agency's human resources strategy.

(2020)

The **Human Resources for Supply Chain Management Rapid Diagnostic** leads to Thailand's Ministry of Health acknowledging the importance of health supply chain professionals, paving the way for the inclusion of supply chain management in the country's strategies and policies.

(2020)

**Guidance from PtD**, in collaboration with USAID's GHSC-PSM project, leads Rwanda's Ministry of Health to revise its job descriptions for supply chain staff.

(2019)

### THE PtD SECRETARIAT

Housed in UNICEF's Supply Division in Copenhagen, Denmark, the PtD Secretariat provides coalition members with a forum for technical collaboration and knowledge sharing.

## WHAT WE ADVOCATE

The need for a professional body of supply chain professionals

## THAT MEANS WE FOCUS ON

-  Improving policy
-  Enhancing political will
-  Putting human resources on the agenda
-  Encouraging stewardship and leadership
-  Promoting evidenced-based approaches
