

## Improving health outcomes by promoting sustainable workforce excellence in health supply chain management

### VISION

We envision a world where health supply chain workforces are empowered and equipped to optimize health outcomes by improving access to health commodities.

### MISSION

Promote global awareness, generate evidence-based approaches, and catalyze national capacity to plan, finance, develop, support and retain national health supply chain workforce through global partnership.

### PURPOSE

A global partnership of more than 80 organizations seeking to provide a coordinated, multi-organizational approach to addressing human resources for supply chain management.

### BOARD

Governed by a Board representing governments, donors and aid agencies, NGOs, academic institutions, professional associations, and private sector organizations. The Board is led by a Chairman and a Deputy.

### SECRETARIAT

Hosted at UNICEF Supply Chain Division in Copenhagen, Denmark, the secretariat is responsible for day-to-day operations and priorities set by the Board.

## Strategic Goals

### ACHIEVE

global recognition that supply chains require a competent and supported supply chain workforce.

### PROMOTE

stewardship and leadership at the national level to understand the technical and managerial capacity needs for human resources in supply chain planning, strategy, design, and management.

### ADVOCATE

for a common pool of human resources that are appropriately trained with supply chain competencies and qualifications to support supply chain activities across governments, health facilities, and private sector.

### CATALYZE

and disseminate evidence-based approaches for human resources for supply chain management that are informed by best practices and responsive to an evolving environment.
